---

## PROFESSIONAL PROFILE

Power Platform developer with over 6 years of experience building and integrating solutions using PowerApps, Power Automate and Microsoft SharePoint with medium knowledge of Dataverse and Power Pages. Skilled in process automation, custom application development, and delivering international projects across industries such as energy, retail, and education.

## EDUCATION

### Technologist in Computer Science - LATU

Technical & Programming High School Diploma - (2016–2019)

## PROFESSIONAL EXPERIENCE

Montevideo, Uruguay

2019 - Present

### Senior PowerApps & SharePoint Developer - Montecode IT

Delivered international projects for clients such as:

#### Larioscs - TRACs | 2021 - 2025 | Texas USA | PowerApps, Power Automate, SharePoint

Development and maintenance of a complete Power Platform solution for project and documentation management in an electrical pole company. Included advanced forms, file attachments, automations, notifications, recurring tasks, and advanced search.

Key contributions: built complex screens, automated workflows, reviewer module with comments, performance optimizations, and custom navigation.

#### S2Go - PlayStation Retail App | 2020 | Chile | PowerApps, SharePoint, Power Automate

Maintenance and enhancement of a PowerApps application used to track PlayStation product stock and status across retail stores.

Key contributions: new features, data-loading optimization, automated notification flows, and improved mobile usability.

#### GNLQ - Mobile Document Manager 2019 - 2020 | Chile | PowerApps, SharePoint Online

Development of a mobile application to synchronize documents with SharePoint, enabling offline work for field personnel.

Key contributions: incremental synchronization, attachment handling, performance improvements, and optimization for field usage.

**Power Platform Developer** Freelance, Montevideo, Uruguay, 2017 - 2020

**Genexus Developer** CES Internship, Montevideo, Uruguay, 2019 - 2020
